## Beginning Together: Caring for Young Children with Disabilities or other Special Needs in Inclusive Settings

PITC professional development training is designed to teach infant & toddler care professionals how to create high quality programs that fully include babies and toddlers with disabilities or other special needs and their families in regular infant-toddler programs. <http://www.CAinclusion.org/bt>

## The California Collaborative on the Social and Emotional Foundations

**for Early Learning (CA CSEFEL)** connects early childhood programs with trainers and coaches who are experts in the CA CSEFEL Teaching Pyramid Framework. This tiered approach of evidence-based practices promotes healthy social-emotional development in young children (birth to 5 years old). These proven preventative strategies help to reduce behaviors that can be disruptive in group settings. Teachers and administrators learn effective strategies that support positive behaviors of young children in group care settings. CA CSEFEL trainers and coaches promote collaboration to enhance linkages with local agencies, allowing interventions to be successfully delivered to children and families, including infant, child and family mental health, Early Start, special education, and medical services. <http://cainclusion.org/camap/cacsefel.html>
